PROFESSIONAL EXPERIENCE

SOUTHGATE REAL ESTATE VENTURES

Executive Assistant / Lead Marketer / Automation Specialist | 2023 - 2026

- Supported 4 CEO and senior-level executives across real estate operations, executive administration, marketing, CRM management, automation, lead generation, and confidential business support.
- Generated over 10,000 leads across the Eastern United States through targeted digital marketing, LinkedIn outreach, CRM management, lead sourcing, and campaign execution.
- Booked approximately 150-200 appointments related to investment opportunities, documentation, lead follow-up, and business development workflows.
- Built and maintained 20-25 automation workflows across GoHighLevel, Zapier, Make, and n8n to improve lead routing, follow-up processes, CRM updates, task management, and operational efficiency.
- Managed 15 multifamily investment marketing campaigns, supporting lead generation, campaign tracking, prospect communication, and digital marketing execution.
- Increased LinkedIn presence and connection growth by up to 300% through targeted networking, profile optimization, outreach strategy, and consistent engagement activity.
- Created 5 SOPs for marketing workflows, business structure, lead management, and internal operating processes to improve consistency, accountability, and repeatability.
- Managed CRM and marketing automation systems, including GoHighLevel, to support pipeline organization, trigger-based workflows, lead management, follow-up processes, and campaign execution.
- Used AI tools, including ChatGPT, Claude, Gemini, and Grok, to assist with content creation, research, workflow documentation, marketing support, email drafting, process improvement, and productivity enhancement.
- Supported targeted lead acquisition and database enrichment using LinkedIn Sales Navigator and other digital tools to identify, organize, and manage prospective business relationships.
- Coordinated executive support functions across email management, calendar management, project tracking, CRM updates, automation workflows, marketing execution, and operational follow-through.

EVERGREEN CAPITAL

Assistant Multifamily Underwriter / Back Office Operator | 2022 - 2023

- Supported underwriting review for 1,000+ multifamily and real estate properties by organizing property-level financial, operational, market, and investment information.
- Supported the investment team in the evaluation and analysis of potential multifamily real estate acquisitions by organizing property-level financial, operational, and market documentation.

- Reviewed and structured real estate documentation to support consistency, accuracy, and data integrity across investment models and underwriting processes.
- Assisted with financial projections, market research, deal sourcing, comping, and underwriting support to help validate investment assumptions and identify key performance drivers.
- Maintained organized data pipelines and back-office workflows to support efficient decision-making throughout the real estate underwriting lifecycle.
- Supported acquisition analysis by coordinating property-level information, reviewing operating data, and helping prepare materials used in investment review processes.
- Contributed to underwriting accuracy by identifying inconsistencies, organizing supporting documentation, and maintaining clear records for investment team review.

LINKITUP MEDIA MARKETING

Social Media Manager / Real Estate Marketer | 2021 - 2023

- Developed and supported social media marketing strategies for real estate and property marketing campaigns to attract target audiences, increase engagement, and improve online visibility.
- Created digital content for social media channels, property marketing, brand awareness, and lead generation initiatives.
- Managed community engagement by responding to audience activity, supporting client communication, and helping maintain a consistent brand presence.
- Analyzed campaign and engagement data to support performance review, content planning, and marketing improvement.
- Assisted with event and initiative coordination designed to strengthen client relationships, support brand loyalty, and generate interest from prospective customers.
- Supported Facebook page optimization, Meta advertising, copywriting, Canva design, video editing, and digital marketing execution.

NDIS SUPPORT TRAINING EXPERIENCE

- Completed NDIS worker training focused on quality, safety, participant rights, effective communication, and safe support practices.
- Developed foundational knowledge of NDIS support expectations, including respectful communication, participant-centered care, safe meal support, and appropriate conduct when supporting people with disabilities.
- Strengthened ability to communicate clearly, follow support procedures, maintain dignity and respect, and provide reliable assistance in client-centered environments.
